

User Manual

Introduction:

It's the year 2200 in the Planet Empire of Nyan. You're a fearless royal space captain entrusted to guard Princess Pitika. During a normal summer afternoon, the princess was reading a book in her chair on the castle balcony. Suddenly the forces of darkness abducted her. You're aghast at the thought of such a dastardly act could befall the empire. Furious you run to the space dock and jump into your trusty spaceship Silver Bullet. Racing through space you fight your way through dinosaurs and your favorite memes. Finally, you defeat the dark mastermind that orchestrated the dastardly deed and rescue your princess.

Controls:

Use the up, down, right, and left arrows to move and the spacebar to fire missiles to blast the dark forces. If the monsters move pass you, your health will decrease!
